

Vic Smeed Memorial Trophy — 2012 Rules

1. Models to be an acknowledged Vic Smeed design.
(This allows for unpublished designs e.g. Metre Maid).
2. Scaling up or down to be permitted provided that maximum engine size is 0.87 cc/.049 cu.in.
- 3 Builder of the Model rule to apply.
4. Models and fliers to comply with site rules currently in force
5. Models to have Rudder-Only Radio-Assist, if model normally had elevator / engine control these are to be rendered inoperative.
6. Minimum engine run to be 45 seconds. in windy conditions the Competition Director has discretion to reduce this to a minimum of 30 seconds.
(Note: the object of this rule is to prevent any fliers just attempting an "up, round and down" flight).
7. Placing in the competition to be based on models coming to rest nearest to a designated spot on the field.
8. In the event of a tie for first place, there would be a fly-off.
9. The competition director's decision to be final.
